HAWAII’S WOODSHOW™ 2019
Na Lāʻau o Hawaiʻi
Hawai’i Forest Industry Association’s 27th Annual Statewide Juried Woodworking Exhibition
Saturday, October 19 through Sunday, October 27
Moanalua Gardens Chinese Hall, 2850-A Moanalua Road, Honolulu

A NEW VENUE
Hawaii’s Woodshow™, Na Lāʻau o Hawaiʻi, is honored to join with Moanalua Gardens to open their Chinese Hall to the public for the first time since 1903. It will be the 27th annual staging of Hawaii’s Woodshow. The historic gardens and buildings provide a unique opportunity to showcase Hawaii’s contemporary fine furniture and woodwork.

NEW CATEGORY
“In the Garden”: items designed to be outdoors will be displayed in the garden near the entry to Chinese Hall. These items may be left with Moanalua Gardens after Hawaii’s Woodshow and continue to be for sale through an agreement with the Gardens. Items can be functional or sculptural.

FURNITURE CHALLENGE
Furniture Category entrants are encouraged to creatively consider the trend to smaller Hawai’i residences when designing their entries.

INNOVATION PLUS IMAGINATION (I+I) CHALLENGE
This competition, open to students in conjunction with Hawaii’s Woodshow, provides participating students in select school programs with approximately 10 board feet each of donated Hawai’i-grown woods. Each student or student team must use this wood to construct either a wall-hung or free-standing piece.

RULES

1. Hawai‘i-grown wood requirement:
   a) Participants must use woods from Hawai‘i-grown trees, especially trees planted and brought to maturity in Hawai‘i.
   b) Use of wood from Hawai‘i endemic species other than Acacia koa is not allowed, even if salvaged or deadfall. See list of Inadmissible Endemic and Indigenous species.
   c) Wood salvaged or recycled from sources such as demolitions, green waste, and beaches may be used unless from an inadmissible species.
   d) EXCEPTIONS will be made to allow wood from cultivated rare and endemic tree species. Documentation required.

2. Entries limited to four (4) per person, one of which may be not for sale (NFS). An entry may consist of more than one item if there is a relationship between them, such as a table and chairs of like design.

3. Entry fees are nonrefundable, with one exception: entry fees will be refunded upon jurors’ exclusion of a submission for the exhibition.

4. Entry condition: Entries must be freestanding, self-supporting, or submitted for judging and display with hardware for hanging and complete installation instructions for the volunteer staff. An unusually large entry must disassemble and reassemble easily; entrant must be present at a time specified, if notified, to assist with installation.

5. A 30 percent commission is assessed by HFIA on all entries sold through the exhibition to help defray production costs. Entries should be priced with this commission in mind. HFIA will add GET at 4.712 percent to the sales price. Entrants are responsible for paying GET on items sold (minus HFIA commission).

6. All entries must remain on display for the duration of the exhibition which will end at 5pm, Sunday, October 27.

7. Shipping of sold entries is the responsibility of the entrant in agreement with the buyer.

8. Liability: HFIA will not be liable for damages incurred to individual entries. Participation is at the risk of the Entrant. Entrants can minimize risk by self-insuring and careful crating if shipping from a neighbor island or out of State. While HFIA makes every effort to handle every entry with care, the Entrant signature required on the entry form serves as acknowledgement that the Applicant indemnifies HFIA and Moanalua Gardens against damage or loss incurred in any phase of handling. Entry Forms will not be accepted without a signature.

9. Shipping work to Honolulu: HFIA covers cost of shipping from neighbor islands to O’ahu and back when the following conditions are met:
   a. Neighbor island entrants meet the schedule defined by their respective point persons.
   b. Entrants pack work securely in sturdy reusable crates and deliver them on time to designated consolidation points.
   c. Entrants must declare value for shipping insurance purposes. Declared value = replacement value, not gallery value.
   d. If your crate exceeds 36” x 80” in width and height, it must be able to be disassembled.
   e. To ensure best handling of your work, enclose photo of the piece in the crate, and detailed instructions for re-crating.

10. Out-of-State Entrants: contact Kamran to make necessary arrangements. Shipping to or from outside of Hawai‘i is not covered by HFIA.

11. Docent Requirement: Entrants are required to serve as a docent one shift per accepted piece, to designate someone to fill this requirement in their place, or to pay a nonrefundable no-sit fee per accepted piece of $60 for O‘ahu entrants and $35 for Neighbor Island entrants.

12. Imported Woods and Materials: Hawaii’s Woodshow prefers all wood components be sourced from Hawaii-grown trees, however, imported woods may be used:
   a) As accent or trim, not to exceed 10 percent of the volume of an entry.
   b) Where use of the wood is traditional--as spruce for a guitar soundboard.
   c) Imported materials such as plywood and MDF may be used as substrates.

13. SIZE RESTRICTIONS: All work will be limited to 6 feet in its longest dimension, and smaller in other dimensions. Hanging pieces and any work with unusual installation requirements will need pre-approval. If you have any questions about size, weight or specific hanging or display requirements, you MUST contact Kamran so the installation crew can determine installation possibilities. The sooner we know about your work, the easier it will be to accommodate it.

VOLUNTEER

Volunteers needed in all phases of exhibition staging, including the reception. Information about dates and times will be shared as we adjust to our new venue. Contact Kamran Samimi for information and to offer your kokua. Let us know how you can help and what you would like to do. It’s fun!

JURYING

1. The committee will examine entry descriptions as they are received, will contact entrants asking for clarification if necessary, and will alert entrants of any noncompliance in as timely a manner possible.

2. One day before exhibition jurying, all assembled entries are screened by the Content and Quality Committee. Hawaii’s Woodshow 2019 reserves the right to reject entries that are noncompliant, redundant, or of low quality.

3. Jurors are asked to make an initial vetting of submissions to assure the highest caliber of work for the exhibition. In the event a neighbor island submission does not meet the jurors’ standards, the work will be held in storage until return shipping occurs after close of the exhibition and returned at HFIA expense. In the event O‘ahu submissions do not meet the jurors’ standards, the artist will be notified and they, or a representative, will need to retrieve the submission by Friday, October 18. Entry fees for submissions that do not meet the jurors’ standards will be returned to the artist.

4. Jurors’ evaluation of remaining submissions will then be based on inspiration of design and excellence of implementation.

5. Jurors receive information on each piece. Names and trademarks are concealed.

6. Jurors select a pool of exceptional entries from which Best of Show, First Place in each category, Masters awards, and Honorable Mention awards may be selected by mutual agreement.

JURORS

2019 Jurors will be announced in during the summer. In addition to a public announcement of selected jurors, registered entrants will be advised by email. Juror information will available at woodshow.hawaiiforest.org/.

AWARDS

Awards are determined at discretion of the Jurors and presented on opening night.

- Best of Show
- First Place Awards: may be selected in each category.
- Honorable Mention Awards: may be selected independent of categories.
- Innovation + Imagination Challenge Awards: awarded for under age 18 and over age 18.
- Spirit of the Show: entry that best showcases wood of available, underutilized tree species existing in commercial quantities, that meets show criteria. Work featuring koa, mango, monkeypod, and Cook or Norfolk Pine is not eligible.
- Kent Awards: Most promising young and new woodworker.
- Ron Kent Translucent Albizia Challenge: creation that best renders “albizia” Falcataria moluccana translucent.
- People’s Choice and Artists’ Choice: determined after exhibition based on public input.
